

Postponed, cancelled, moved online? The DESY event list

Public events:

[Photowalk](#) "Soul of Science", 18 April: will probably be postponed to autumn

[Wissen vom Fass](#), 23 April: postponed to November 2. Instead, the scientists will give lectures on YouTube - we will share the links as soon as they are available!

DESY DAY - the open day for DESY's 60th birthday is cancelled. Due to the reduced operation mode, it is unfortunately impossible to prepare it in the quality we are aiming for. Instead, we are looking forward to the Night of Knowledge, which will take place regularly again in 2021.

The Berlin and Postdam "Long Night of Science" is also cancelled this year.

Public lectures such as the Wissenswerte will be cancelled in both Hamburg and Zeuthen until further notice. All guided tours for visitors are cancelled. The [Science Café](#) continues after the summer holidays.

Unfortunately, the holiday seminar of the physik.begreifen-Schülerlabor cannot take place any more. The same goes for regular school events in the Hamburg and Zeuthen student laboratories, master classes and teacher training courses.

DESY internal and scientific events

The sports break "Bewegte Pause" has moved online: <http://www.desy.de/gesund>

A new campus channel will help DESY staff to stay in touch with each other. We will share the link as soon as it is online.

Summer party, 24 September - we stick to the date for the time being.

The election for the Scientific Committee has been cancelled and will take place again next year. The FH division meeting was also cancelled.

User operations at PETRA III, FLASH and the test beam at the DESY II accelerator are currently suspended. PETRA III will only be started up for measurements relevant to SARS-CoV-2.

The Woodstock meeting scheduled for 6 and 7 April 2020 is postponed to October.

The PETRA IV kick-off meeting on 14 April will be held as a virtual meeting.

The workshop "[X-ray Powder Diffraction at DESY - New opportunities for research and industry](#)", planned for 20-21.4. 2020, and the meeting "[Biological and Medical imaging at PETRA III - New opportunities for research and industry](#)", scheduled for 22-23.4.2020, have been postponed.

[PT Day 2020](#), scheduled for 9-10 June 2020, is postponed to 2021.

This year's summer student programme is cancelled. All applicants will be notified.

The workshop "[Small Angle X-ray Scattering for Materials Research at the new beamline P62 \(-SAXSMAT-\)](#)", scheduled for 18 - 19 June 2020, has been cancelled.

Registration for these two events has been suspended for the time being; a decision on whether they will take place is still pending.

[23rd European Conference on the Dynamics of Molecular Systems \(MOLEC 2020\)](#)

23-28 August 2020 and

[Science@FELs 2019](#)

14-16 Sept 2020

Beamline for Schools, September/October - we stick to the date

Are there any appointments we've forgotten? Then please write to us at editor.inform@desy.de.
