

DESY Seminar

24 May 2005, 17:00, DESY Hörsaal

O. Brüning (CERN)

The Large Hadron Collider: Basics and machine physics challenges

The essential parameters of the LHC and the major limitations during nominal beam operation will be discussed. Different options for future upgrades of the machine will be given.

- Tea and cookies will be served at 16:45 in the lobby.
- After the seminar there is a chance for private discussions with the speaker over wine and pretzels also in the lobby.
