

## **Dr. rer. nat. Reinhard Brinkmann**

### **Member of the Directorate since July 2007**

Year of birth	1957
1975 - 1977	Studies of physics in Muenster
1977 - 1981	Studies of physics in Berlin
1984	Doctoral thesis at the FU Berlin
1984 - 1995	Staff Scientist at the DESY accelerator division, group MPY
1989 - 1995	Machine coordinator for the HERA electron ring
1995 - 2007	Leading Senior Scientist (C4 level) at the DESY accelerator division

#### Main scientific activities:

Beam optics and beam dynamics in storage rings and linear colliders.  
Design and optimisation of linear colliders and free electron laser facilities.

Publications: more than 100

#### Member in national and international advisory and supervising boards:

- EPAC Scientific Programme and Organisation Committee
- Int. Linac Conference Programme Advisory Committee
- Member of the Scientific council at BESSY
- SLAC Policy Committee
