

Prof. Dr. Christian Stegmann

Year of birth 1965

October 1986 – July 1992

Study of physics at University of Bonn

October 1988 – July 1992

Scholarship holder of Friedrich Ebert Foundation

June 1991 – July 1992

Diploma thesis at the ZEUS experiment at University of Bonn

October 1992 – July 1995

Research stay at CERN, Geneva

July 1995

PhD at the OPAL experiment at University of Freiburg

October 1995 – March 2000

Fellow at DESY, Zeuthen institute, in the development, construction and operation of honeycomb drift chambers for the HERA-B experiment

April 2000 – March 2005

Senior research associate at H.E.S.S. workgroup at Humboldt Universität zu Berlin

April 2005 – March 2006

Visiting professor for experimental physics at University of Erlangen-Nürnberg

March 2006 – August 2008

Professor for experimental physics (W2) at University of Erlangen-Nürnberg

September 2008 – September 2011

Professor for physics (W3) at University of Erlangen-Nürnberg

As from October 2011

Head of DESY, Zeuthen institute
Professor for astroparticle physics (W3) at University of Potsdam

Professorship offers

March 2011 university of Potsdam, accepted
May 2008 University of Erlangen, accepted
Jan. 2008 University of Mainz, declined
Jan. 2006 University of Erlangen, accepted
Jan. 2006 RWTH Aachen, declined
Jan. 2005 University of Siegen, declined
