

# PHOTON SCIENCE.

## DESY has openings for: DESY-Fellowships (f/m) Photon Science

### DESY

DESY is one of the world's leading research centres for photon science, particle and astroparticle physics as well as accelerator physics.

The brilliant synchrotron source PETRA III as well as the intense free-electron laser FLASH and our inhouse research groups at DESY CFEL offer a broad range of research opportunities, ranging from life science to the study of fundamental physical processes in various areas. DESY offers several career opportunities also in the enabling technologies like detector or laser physics and development.

### The position

Fellows are invited to take an active role in one of the experimental or theoretical areas of research at DESY's Photon Science.

- Condensed matter physics
- Atoms, Molecules and Optics
- Laser physics
- Detector development
- Structural Chemistry
- Structural Biology

### Requirements

- Ph.D. completed within the last 4 years
- Experience in experimental or theoretical science in one of the areas of the DESY photon science division

DESY-Fellowships are awarded for a duration of 2 years with the possibility of prolongation by one additional year.

Do not hesitate to contact us at DESY Photon Science to get additional information on the current research activities. Further information is available here: [photon-science.desy.de](http://photon-science.desy.de).

Please submit your application including a resume and the usual documents (curriculum vitae, list of publications and copies of university degrees) to the DESY human resources department. Please arrange for three letters of reference to be sent before the application deadline to the DESY human resource department.

Salary and benefits are commensurate with those of public service organisations in Germany. Classification is based upon qualifications and assigned duties. Handicapped persons will be given preference to other equally qualified applicants. DESY operates flexible work schemes. DESY is an equal opportunity, affirmative action employer and encourages applications from women. Vacant positions at DESY are in general open to part-time-work. During each application procedure DESY will assess whether the post can be filled with part-time employees. There is a bilingual kindergarten on the DESY site.

We are looking forward to your application quoting the reference code preferably via our electronic application System: Online-Application

### Deutsches Elektronen-Synchrotron DESY
