

COMPUTER ADMINISTRATION.

DESY, Hamburg location, is seeking: Qualified IT Specialist (f/m) CSSB

DESY

DESY is one of the world's leading research centres for photon science, particle and astroparticle physics as well as accelerator physics.

The new Centre for Structural Systems Biology (CSSB, www.cssb-hamburg.de) on the DESY Campus in Hamburg combines research methods from biology, physics, chemistry and medicine. Ten different partner institutions from Northern Germany are involved in CSSB. International research groups have begun moving into the new building. To maintain the interface between CSSB and DESY IT Infrastructure, we are looking for an experienced specialist with strong communication skills who works well in a team and thrives in an international environment.

The position

- Build and maintain the CSSB internal computing network and its integration into the DESY computing network infrastructure
- Understand specifications needed to link CSSB partner computers to the respective partners intranet and then facilitate the establishment of this link
- Test the operation of installed systems and propose solutions for problems that arise
- Prepare documentation
- Support for the installation and maintenance of workstation computers in cooperation with CSSB partner institutions

Requirements

- A degree i.e. a Bachelor in the field of computer science or equivalent knowledge, skills and experience
- In-depth knowledge of networked IT structures
- Profound knowledge of standard operating systems (incl. Windows 10) and (web-based) applications as well as their use in distributed, heterogeneous computing network environments
- Knowledge of script and programming languages
- Good written and spoken German and English

For further information please contact Dr. Ina Plettner phone 49 (0)40-8998-87501.

The position is limited to 2 years.

Salary and benefits are commensurate with those of public service organisations in Germany. Classification is based upon qualifications and assigned duties. Handicapped persons will be given preference to other equally qualified applicants. DESY operates flexible work schemes. DESY is an equal opportunity, affirmative action employer and encourages applications from women. Vacant positions at DESY are in general open to part-time-work. During each application procedure DESY will assess whether the post can be filled with part-time employees. There is a bilingual kindergarten on the DESY site.

We are looking forward to your application quoting the reference code preferably via our electronic application System: Online-Application
