

**Questionnaire for
QCD and Monte Carlos
University Antwerp**

Results

(Nov - Dec 2009)

- Is contents of lecture interesting ?
 - yes 4
 - no 0
 - no answer 0

- Is lecture too slow/too fast/too complicated ?
 - too slow 0
 - too fast 0
 - too complicated 0
 - ok 4

- Is presentation with transparencies/black board mix ok ?
 - more transparencies 0
 - more blackboard 1
 - mix is ok 3

- Suggestions to improve lecture ?
 - no comments 4

- Exercises: are topics interesting ?
 - more calculations on paper 1
 - more physics oriented examples 3
 - more Monte Carlo examples 0
- Exercises: are exercises solvable with the information given in the lectures ?
 - infos from lecture are enough 3
 - more information is needed 0
 - more detailed infos for the exercises are needed 1
- Exercises: computer program templates are
 - good 4
 - not needed at all 0
 - bad and confusing 0
- Exercises: is more detailed help needed ?
 - help is perfect 4
 - more help needed 0
 - less help wanted 0
- Exercises: is assistance during exercises:
 - sufficient 0
 - good 1
 - excellent 3
- Suggestions to improve exercises?
 - no comments 4
