## No problem at all – the few steps to your monthly season ticket

An HVV season ticket always consists of a customer photocard and a corresponding voucher indicating the period of validity.

1. First select the ticket type you require and the area of validity as shown in the HVV Fare Zone Plan. Or enter the mask for our HVV Timetable Information service and let the assistant guide you to the right HVV season ticket just for you.
2. If you do not yet have a customer photocard we will be glad to issue one to you at any of our HVV service centres. Just bring along a passport photo you'd like us all to see and the certificate of authorization.
3. Once we have issued your customer photocard and the corresponding coupon indicating the period of validity you are free to travel on HVV services. Please note that your season ticket is only valid in conjunction with the certificate of authorization. Remember to take this with you whenever you travel.

That's all you have to do. The easiest and most convenient way to buy your coupon week for week or month for month is at our HVV service centres.

Please check, e.g. you have to bring Passport photo
